

# LUMPED ELEMENT FILTERS

## THE FILTER SOURCE

Bandpass

Notch

- Online Design Capability
- Competitive Pricing
- Military / Commercial
- Compact Size
- Quick Delivery
- No Min. Order

When it comes to surface mount (SMT) filters, we know our stuff. Lark's MS (Lumped Element) Series is robust yet compact and can be designed using our Online Filter Design Tool. Like our Ceramic (SD Series) SMT filters, you can count on Quality, Performance and Service to enable Commercial and Military solutions.
